Financial summary

iCollege has continued its delivery of record (Revenue and EBITDA) quarters with Q3, generating revenue of \$4,553,000 (PCP Q3, FY20: \$2,997,000), this ongoing growth is driven primarily by the domestic student business which is performing strongly, demonstrated by increases in student numbers for existing qualifications and early interest in new course offerings. International student contribution over \$500,000 (enrolment value) per month with the company remaining ready to enthusiastically welcome back students from overseas in the midterm as international border restrictions ease.

During Q3, FY21, the company received \$3,467,000 from customers.

The company **did not** qualify for any Government assistance (JobKeeper) in Q3 and ended the period with \$5,178,000 cash at bank after ~\$540,000 in abnormal expenses including the finalisation of the new Bayswater campus, equipment purchases, resource development, bank guarantees and loan repayments.

Domestic operations

During the quarter, the new Perth campus was completed with \$300,000 committed to finalising the fit-out to ensure operational readiness. The new state-of-the-art campus increases the Company’s CRICOS (Commonwealth Register of Institutions and Courses for Overseas Students) approved places by an additional 360 providing for a national total of 1,760 of which ~800 is currently filled. The new facility includes a fully equipped commercial training kitchen, a state-of-the-art skills lab for aged care training and spacious classrooms. With the Maylands campus still operational, Perth can now accommodate 760 international students.

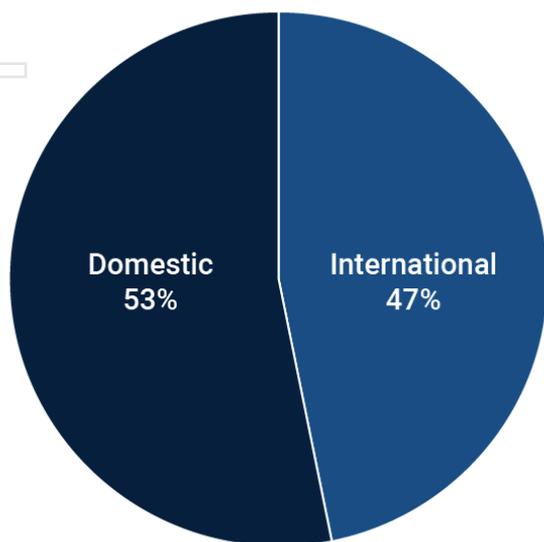

In the December quarter, iCollege reported that it had secured a contract with Western Australia’s largest aged care provider Aegis Aged Care Group Pty Ltd (‘Aegis’) to train their 3,400 staff on infection control. Aegis operates 27 aged care residences, providing 24-hour care and support to 2,200 elderly residents. This training commenced in December 2020 and iCollege has now successfully trained over 1,100 of their staff with weekly schedules in place to ensure all remaining staff are fully trained. Additionally, the iCollege and Pharmacy Guild of Australia training program is continuing to gain momentum with an estimated 260 staff trained in the Infection Control nationally accredited skill set.

The business has continued to focus its marketing spend and partnership expansion in aged care, hospitality, building and construction which is providing strong and sustainable enrolment growth in the domestic student market.

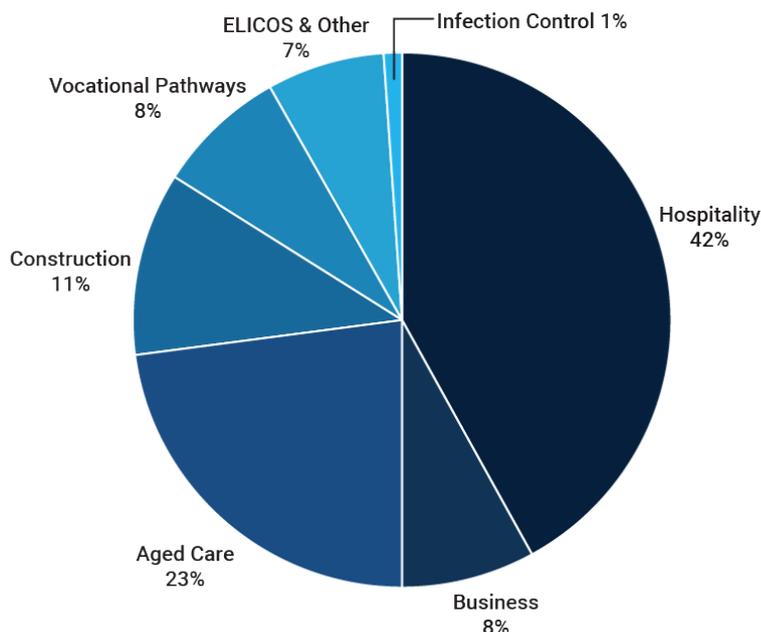

International student recruitment

Enrolments of international students, predominantly from onshore international, has been steady and generated over \$1,500,000 of enrolment value in the quarter which is encouraging as we continue to witness consistent numbers while we wait for Federal Government confirmation regarding the relaxation of Australia’s border restrictions.

Off-market takeover offer made for Redhill Education Limited (ASX: RDH)

In February, the Company announced an off-market (all scrip) takeover offer for Redhill Education Limited ('Redhill') (see ASX announcement 22 February 2021) at this time, given strong share price appreciation, iCollege intended to offer 6 fully paid ordinary shares for every 1 fully paid ordinary share in Redhill valuing Redhill at \$50,300,000.

On 25th of March 2021, the company lodged its Bidder's Statement which sets out in full detail the strategic rationale for the transaction and how it intends to create what will be one of Australia's leading listed education providers. The Bidder's Statement provided Redhill Education shareholders with a revised bid of 7.6 fully paid ordinary shares for every 1 fully paid ordinary share in Redhill, maintaining a value of \$50,300,000 for Redhill Education shareholders. This revised offer was based on the Company's closing share price of \$0.13 on the 25th of March 2021.

Future Outlook

iCollege is well-placed for the remainder of FY21 and expects to deliver its highest full year revenue and earnings since the listing of iCollege. The Company's continued growth is underpinned by expansion of domestic course delivery in more locations throughout Australia including Perth, Brisbane and Sydney. Significant Federal Government subsidies have seen the Company expand its focus to include traineeships and apprenticeships, primarily targeting the healthcare and hospitality sectors with the Company well-advanced in offerings in Western Australia and Queensland.

As outlined at the time of raising \$5,500,000 in capital during 2020, iCollege is actively pursuing expansion opportunities in New South Wales and Victoria through potential acquisition. These are the two largest training markets in Australia, and the Company remains committed to an aggressive expansion of its geographic footprint. These potential acquisitions are excluding the current bid in place for Redhill Education (ASX: RDH).

Payments to related parties and their associates

\$129,782 was paid towards executive director's fees. HWL Ebsworth Lawyers, of which Non-Executive Chairman Simon Tolhurst is partner, was paid \$4,808 in legal fees for legal services rendered to the Company during the quarter. An additional \$30,000 was made to Ashish Katta as part repayment of a long-term interest free loan provided by the Managing Director to the company.

Reclassification of Bank Guarantees

The Company previously reported payments of bank guarantees under cash flows from operating activities. These have now been reclassified under cash flows from investing activities under payments to acquire other non-current assets. The year to date figures have been restated accordingly.

Comment

iCollege Managing Director Ashish Katta said: *“Q3 2021 has been another successful quarter for iCollege and our record financial results reflect this. The domestic training operations continue to perform well and are growing favourably. Obviously, with international borders remaining closed, our international student business is limited to onshore international recruitment activities which remain stable month-on-month.*

“The proposed off-market (all scrip) takeover offer for Redhill Education is a compelling opportunity for iCollege and will create what we believe will be one of the leading and most diversified education and training businesses in Australia. As a company we believe this combination of both entities will create significant and sustainable value for the shareholders of both businesses.

“We expect the final quarter of FY 2021 to provide a strong finish to the year. Through the efforts of the Company’s leadership team and all of our staff across the country, iCollege is thriving through this challenging time and I am very proud to be at the helm of the Company given our numerous exciting growth prospects.”

This announcement has been approved for release by the Board of iCollege Limited.
